

The Red Shutter Inn & Restaurant

Welcome to the Red Shutter Restaurant

John and Rachel Pilcher purchased this inn in October 2009 and are enjoying living in this beautiful valley with its welcoming residents. This is our dream and, if you're reading this, then each of you are a small and important part of that. Thank you. In return, we wish to provide you with a fantastic dining experience that is both high in quality and in value. For your part we only ask you to enjoy yourself and let us know how we're doing.

We moved to the Valley because of the warm community and the area's connection with the land as well as its beauty. The mountains, the rivers, the glorious seasons, the schools, and, of course, the farms. This is one of the finest places to grow food and raise animals and, as restaurateurs, we intend to make the Shutter substantially dependent on local foods from farms that grow their produce and livestock naturally and compassionately. Nearly every item on our menu is homemade with its primary ingredient procured from a family run local farm. We do this, not only to provide you with a uniquely flavorful and healthy dining experience but also to support nearby family run businesses and the community at large.

Thank you for your support and PLEASE let us know if we are doing anything right or if we can do anything better!
